About

Husay Solutions OPC is a multidisciplinary creative partner for institutions and a management partner for creatives.

Since 2017, we have been building better ways for meaningful creative work to happen, where creatives and institutions work better and thrive together.

We deliver strategic creative services for institutions, provide organizations with access to a curated network of Filipino creative talents and professionals, and equip creatives with a built professional, operational, and commercial infrastructure to enable them to build sustainable businesses and flourishing careers.

Husay is building a fairer future for creative work. We envision a creative industry where creative work is more sustainable, collaboration is collectively empowering, and both creatives and institutions thrive together.

Husay Solutions OPC is the continuation of the business operations of MotmotLala Co., established in 2017.

In 2025, the business formally transitioned to Husay Solutions OPC to align the company's legal entity with its established "Husay" brand. The transition did not involve any change in ownership, leadership, operations, expertise, or core service offerings. Accordingly, all projects, experience, and credentials undertaken since 2017 under MotmotLala Co. form part of the continuous track record of Husay Solutions OPC.

What We Believe

Meaningful creative work happens when creatives have what they need to thrive, and organizations have access with creative partners who help advance their missions.

Good creative work never happens alone.	Nurturing creatives is not separate from producing great work. It is part of it.	The future of creative work depends on how it gets made, not just what gets made.	Collaboration should be the default, not something that has to be designed around.

OUR CORE VALUES

Our approach is founded on simple yet powerful principles that have guided us in producing meaningful outcomes with our clients and partners:

Curiosity

We dig into what you want and need to really get your goals. We ask questions and actively listen as we try to identify nuances and insights.

Candor

We value honesty in sharing feedback as we build trust. If there are challenges, we tackle them to make sure we're on the same page.

Completeness

We focus on details from planning to completion for a smooth flow. We also consider external factors to ensure a successful outcome.

Client: Department of Trade and Industry's Competitiveness and Innovation Group and Communication Design Association of the Philippines

Our Responsibilities

Industry Research • Roadmap Development • Stakeholder Consultation • Workshop Design & Facilitation • Data Visualization • Technical Writing

Husay co-spearheaded the development of the Philippine Communication Design Industry Roadmap, a multi-stakeholder initiative to strengthen the country's communication design sector and contribute to the Philippines' ambition of becoming ASEAN's leading creative economy. Working alongside government, industry associations, creative professionals, academe, and civil society, Husay led research, stakeholder consultations, and roadmap development to identify strategic priorities, align sector-wide recommendations, and advance a more competitive, inclusive, and future-ready communication design ecosystem.

What Our Partners Say About Partnering With Husay

Husay Company was our partner in mounting the first ever Marketing Bootcamp for Makatizen Artists held in November, 2019. We are grateful for their invaluable service to empower and equip our local artists with the necessary knowledge and skills to be more competitive in this industry. The generosity and passion of their principals towards our stakeholders and our institution have made a mark in our collective journey towards the further growth of the culture and arts sector in the City of Makati. We look forward to more collaborative work with them in the future.

City Government of Makati Museum and Cultural Affairs City

It has been such a privilege working with Husay Matuto in our Bayanihan for Distance Learning initiative. Talagang ibang klase ang husay, ang talento, dedikasyon, at puso na ibinahagi nila. Buong-buo nilang ibinigay ang sarili, sa kapwa. Ito mismo ang mga kailangan nating katuwang sa panahon ngayon – mga kakampi sa paglikha ng mas marami pang oportunidad para sa mga nangangailangan at sa pagkamit ng better normal na pinapangarap natin. Kaya laking pasasalamat naming sa Husay Matuto for being our partner. Sana we find more ways to work together in the future! Padayon!

Office of the Vice President of the Philippines 2022

Husay is a great agency to work with if you don't have an in-house designer. They quickly understood and adjusted to our company branding from the very first project we worked on in early 2023. Working with them has always been smooth, the designer even submits the tasks earlier than the deadline and is quick to work on revisions. We look forward to working with Husay in the years to come.

Senti TechLabs, Inc.

As the project lead of the projects we collaborated with Husay, I am generally satisfied with how our coordination went. Although there were hiccups during the production due to last minute delays and sudden changes, Husay was very flexible and always solution-oriented. The outputs were of high quality!

We believe good work deserves good partners.

We are in pursuit of work that changes organizations, strengthens communities, and quietly shapes the way people experience the world.

If you're building something that informs, connects, inspires, or improves lives, we'd be honoured to build it with you.

Let's build it together.
